Self-Advocacy

Policy Recommendations #1

ADD to support a national anti-stigma campaign (new recommendation developed by group). This campaign needs to be culturally, linguistically, and ethnically sensitive.

Action Recommendations for #1

1. Use ADD Projects of National Significance (PNS) grant to support a national anti-stigma campaign which is culturally sensitive.
2. Use PNS grant to support national resource center which is run by self-advocates.

Policy Recommendation: #2

Require the DD network to work together on a plan to strength self-advocacy.

Action Recommendations for#2

1. Improve accessibility and use of respectable language.
2. Support the hiring of individuals with disabilities by the DD network partners.
