

## **Policy Recommendations**

- 1. Make Employment First a national policy and end subminimum wage policy and work on extending tax credit time limit benefits for employment for multiple years in PR.**
- 2. Develop guidelines for the expansion of integrated community living for people w/DD including utilizing the renovation for unused housing and having access to same benefits as others to access housing.**

## **Action Recommendations**

### **1. Expand community outreach & public relations to all-PRIME TIME**

What will #1 look like?

Expand community outreach and public relations campaign to ALL about the capacity and value of people with developmental disabilities in prime time. Develop materials that you could be used in the media and “taken to the plaza” that address people with disabilities. Uniform materials and communication.

### **2. Promote people with disabilities as people of value, that have capacities and are sexual human beings.**

What will #2 look like?

Expand the opportunity for sexuality education.

### **3. Require that UCEDDs, P&A's & Councils have a common goal that they work on to enhance and promote self-advocacy**
